090-9940-2939

Organizer: SHAKE HANDS

# To guardians

“The third place to stay” is the place children can spend time and foster zest for living from early elementary school years.

Families have difficulties are getting more complex and worse. Community network is getting tenuous. So, more children isolate themselves. We are making the community of children raising with going hand-in-hand with many people. Our goal is “the society: community members raise community children”.
