キイロサンゴハゼ

A school of needlefish is shown swimming vertically in clear blue water. The fish are long, slender, and pointed at both ends. They are arranged in a loose column, with one fish in the foreground being more prominent than the others. The background is a deep blue, suggesting an underwater environment.

ブルージェリーフィッシュ

A group of hermit crabs with vibrant blue, purple, and yellow patterns on their shells are clustered on a piece of light-colored, porous coral. The background is a soft, out-of-focus blue. The crabs are in various poses, some facing forward and others in profile. Their legs are visible, showing similar color patterns to their shells.
